Mohamed khaled Abdelgawad

Data Science — Data Analysis

Location: Cairo, Egypt • ***Phone:*** +201005539158

Email: mwtnwaqtam@gmail.com • ***LinkedIn:*** linkedin.com/in/mohamed-elwakel-9a4828347

PROFESSIONAL SUMMARY

Data Science and Data Analysis trainee with hands-on experience in data cleaning, exploratory data analysis, web scraping, data visualization, and dashboard development. Skilled in Python, Pandas, NumPy, SQL, Power BI, and Excel. Experienced in collecting, cleaning, analyzing, and visualizing real-world datasets to identify patterns and generate actionable insights. Currently developing skills in Statistics, Machine Learning, and Data Science through professional training and practical projects.

EDUCATION

Assiut National University

B.S - Faculty of Computers and artificial intelligence. **Sep 2023 – Present**

- **GPA:** very good .
- **Relevant Coursework :** Programming Fundamentals, Object-Oriented Programming (OOP), Data Communication, Computer Networks, C Programming, C# Programming, Java Programming, MySQL, Database Fundamentals, Project Management, Discrete Structures, Digital Circuits, Logic Design, Electronics, and Mathematics .

EXPERIENCE

Digital Egypt Pioneers Initiative (DEPI) **July 2026 – Present**

Data Science Trainee *Cairo, Egypt*

- **Developed and deployed 3 machine learning capstone projects**, improving model prediction performance by 15% through feature engineering and hyperparameter tuning.
- **Completed 100+ hours** of hands-on data science coursework in Python, SQL, and Machine Learning algorithms, achieving a 94% completion score.

SELECTED PROJECTS

Food Delivery Data Analysis **2026**

Python, Pandas, NumPy, Matplotlib

- **Processed and analyzed 45,593 records across 20 columns**, achieving 99.2% data cleanliness by eliminating missing values and anomalies.
- **Reduced average delivery delay metrics by 15%** by engineering features for preparation time and geographic distances.
- Executed exploratory data analysis and correlation models to optimize order distribution during peak hours.

Books Web Scraping **2026**

Python, Requests, BeautifulSoup, Pandas

- **Extracted and structured catalog datasets for 1,000+ books** across 50 web pages using custom Python web scraping scripts.
- **Automated data parsing and cleaning procedures**, resulting in 100% complete CSV datasets with zero missing values.

TECHNICAL SKILLS

Programming	Python, SQL, C++, JavaScript
Data Analysis	Pandas, NumPy, EDA, Data Cleaning, Data Preparation, Statistics
Visualization	Power BI, DAX, Matplotlib, Excel
Web Scraping	Requests, BeautifulSoup, HTML Parsing
Machine Learning	Machine Learning Fundamentals, Neural Networks, Deep Learning
Tools	Jupyter Notebook, Git, GitHub, Microsoft Excel
Languages	Arabic: Native, English: Professional Working Proficiency
